George Hagerty, Ph.D.,  
President  
Beacon College  
105 East Main Street  
Leesburg, Florida 34748

Dear Dr. Hagerty,

On behalf of the Learning Disabilities Association of America Board of Directors, I want to extend our congratulations on the 25th anniversary of the founding of Beacon College. What a wonderful accomplishment! As one of the first colleges focused exclusively for serving students with learning disabilities and ADHD, Beacon has set the bar for others to follow.

Your mission of offering academic degree programs to these individuals has no doubt made a significant difference in the lives of many students over the years. The fact that our own Patricia Latham and her husband Peter were among the group of initial trustees who helped open Beacon's doors 25 years ago is a living testament to the determination we all have – to improve the lives of all individuals with learning disabilities.

It is our hope that Beacon continues to thrive and succeed, and continues to fulfill its mission for many years to come. Best of luck to the graduating class of 2014 – and to all those who follow!

Sincerely,
