

**RICK SCOTT**  
GOVERNOR

October 12, 2014

Dear Friends:

It is a pleasure to welcome you to the 25th anniversary of Beacon College in Leesburg, Florida.

Founded in 1989, Beacon College was the first college in the country to offer both Bachelor (BA) and Associate(AA) degrees exclusively to students with dyslexia, ADHD, and other specific learning disabilities. The instructional approach integrates assistive technology, structured learning support from specialist and peer mentors, and small classes taught by professors using hands-on and alternative teaching techniques. Well-educated people are vital to ensure the continued progress, prosperity, and success of our state and nation. Thank you for your service to persons with disabilities.

Best wishes for continued success.

Sincerely,
